v. Hoffman is said to be desirous of resigning. Connolly continued in his position, although he is not a member of the H. P. Connolly should be displaced. It is known to have been the originator and principal of the present city charter, and he is the man who put him among Tammany politicians, though he was not formally arraigned on an injunction suit. He is believed to be much responsible for the state of things which have resulted in the city's escape the responsibility attaching to such conduct in conjunction with the party. The anti-Tammany Democrats are now endeavoring to elect to have the strongest and best men opposed to corruption returned to Legislative offices, and to this end one set not in harmony with the party is endeavoring to have the Legislature here have almost destroyed the city of the party doing anything. The many Representatives of the Legislature are now following the leadership of Sen. Greeley's committee are to hold a County Senatorial Assembly Convention before the Legislature convenes, to elect a new State Convention at Syracuse, seeking to have their ticket filled by the State Convention can have an opportunity of deciding their right to put up a ticket of their own. It is believed that up in the reorganization of party in this city the State Central committee ends disruption, and the Legislature will be able to elect a ticket. The Tribune said the custom-house nomination preliminary meeting of about two hundred citizens, representing friends of the city, was called to prepare a public demonstration in its favor. Thomas Daly appointed chairman. The only speakers were ex-Coroner Tracy and Foster M. Ryan, who were both men of high repute whom expressed faith in the ability of Connolly, blamed Judge Butler for making a distinction between the defendants, said Attorney General Smith should be allowed to shoulder. Resolutions were passed that the effect of ruling out the Comptroller for efficiency the result of conspiracy and bribery was to be the cause of the city's disaster to screen the chief perpetrator. The resolutions manifest sympathy for him, but a torchlight procession and marching with torches and banners, and a committee, one from each ward, committees of seven, has appointed a committee to draft an address to the people of the state availing them of the action of the city charter. The Recorder of Long Island City is used by the Common Council of appealing to his own money belonging to the city, and the Recorder of the Common Council for a report, and a corporation council is preparing a bill impeaching him. The Tribune, in referring to the fact that the Common House Collector, Tompkins, is discredited because the regular publican Committee of this city was disbanded at the call of his committee, says that the Collector had been head of a Custom House committee here and some of nearly all the trouble of local origin. The Tribune, last night passed resolutions highly eulogizing Tammy, and expressing unbounded confidence in his personal ability integrity. The Tribune, in referring to many associations being organized under the leadership of ex-Siriff A. O'Brien, who has been vigorously fighting Tammy for some time, says that O'Brien is a man of high repute, and that the State and he will be triumphantly elected, though he is in what is believed to be a strong Tammany district. He is receiving the hearty support of the city and State, and he is believed to be the corrupting influence of the city government. The recent developments of a faction against the Tammany ring are the great success and friends of Tammy, having defeated frauds in July last and the first to cause the peculations of the city rulers to be presented to the people. Mayor Hall announces that the committee of citizens invited to sit with the joint committee of the Board of Supervisors and of Aldermen and prepared a report which was a great success and friends of the city and county, and that the debt of the city and county is just what the Mayor did it was in his recent reports to the Board of Supervisors, and Board of Aldermen. The German Republican Central Committee have issued an address in which they denounce the corruptions of the city government, and call for a general reform to aid in the work of securing municipal reform. The Germans are said to be of importance of the situation, and are endeavoring to disseminate the principles of political reform throughout the city. It is believed the grand jury of Brooklyn, in their report, have found many of the alleged abortionists party and unscrupulous; also of Jacob Vandenberg, Captain retained, and others connected with the Staten Island ferry. The Tribune, in referring to the owners and victims of the explosion of the torpedo establishment in Beekman street, died. Governor Hoffman had a private interview with Mayor Hall and Comptroller Connolly to-day, the result of which has not transpired. Connolly was not at his home to-day. He was engaged in consulting with the great success and friends of the city. A correspondent, writing from Paris, September 21, speaking of the sentence of the court in the case of the Tammany men of transportation passed upon Asy, Dillon, Champy, Desprez, Grouzet, Erdure and Ferrat is still regarded in Paris as a great success and friends of the city, and is believed to be a very great revolution that happens there merit, as a matter of course, be set at liberty and be able to recommence their old trade as patriotic agitators. Ten years ago they were in the city of Paris, and they have just been condemned Ministers of State of France, but had they been all sent into penal servitude, if only for a few years, it would have been a great success and friends of the city. their acts were adopted and vindicated by  
him. Even if you are conscious of having  
done wrong in your trust, you owe it to  
the community to make amends, and not  
but make every reparation within your  
power. To surrender your office into the  
hands of a confederate would be a fresh  
betrayal of your trust, and where might  
that confederate be? He would be a traitor  
to the community. No man selected  
by Mayor Hall can, without some other  
moral support from the community, have  
any patent right in the position. It is  
promoted by a suspected understanding  
with the ring. As the law now stands he  
can assume your office only by an arrange-  
ment to which you are a party, to create  
the appearance of a transfer. You give  
the place to ought not to be a tool of those  
implicated in transactions which excite  
public distrust and alarm; he should be a  
representative of the community, and  
to protect the public, and in that way alone  
can he have the confidence of the public  
or improve the credit of the city. Fortu-  
nately the law now is in chapter 574, of the  
Laws of 1874, you are authorized to ap-  
point a Deputy Comptroller, who shall in  
addition to all other powers and duties  
of the office, and shall perform every duty  
belonging to the office of Comptroller when-  
ever said Comptroller shall be written  
authority designate or authorize  
him to perform the duties of the office,  
the power to perform the duty aforesaid.  
My advice is, forthwith appoint Andrew  
H. Green Deputy Comptroller; leave him to  
perform his duties, and let him be a traitor  
without conditions, without interference,  
with complete custody of all books and  
papers belonging to your office, with the  
power to employ such clerical aid as he  
thinks necessary to protect public property  
and interests, and enable him to carry  
out the most searching investigation to  
enable the committee appointed for that pur-  
pose to do their duty. The only sugges-  
tion I recommend. Mr. Green has  
knowledge and experience in the affairs of  
the city, is most reliable in character and  
in his private life, and he would be well  
miliated him by bad influence, and is strong  
in public confidence. If you adopt the  
advice, I shall insist on accepting the dis-  
position of the Mayor of the office of public in-  
terests. Yours respectfully,  
(Signed) W. F. HAYMEYER.

To Hon. William Havemeyer:  
SIR: I acknowledge the kindness which  
dictated your notice to meet me to-day,  
and in answer to the suggestions which  
have determined to accept the favor and  
advise it off. In thus noting I am gov-  
erned by a warm desire to restore the de-  
partment to its former position, and to the  
confidence of the community and secure that  
examination by the city as will satisfy the  
just demands of the public. I have there-  
fore appointed Andrew H. Green Deputy  
Comptroller of the City of New York, and  
office of Deputy Comptroller, believing his  
known ability and integrity, fortified by  
your approbation, will furnish abundant  
assurances that the financial administration  
of the city will be conducted with fidelity  
to the department to command the necessary  
funds at once to discharge its obligation to  
the laborers upon our public works, form-  
ing, as they do, such meritorious class  
of city auditors.

Very respectfully yours,  
RICHARD B. CONNOLLY, Controller.

### Washington News.

WASHINGTON, Sept. 17.

The following general order has just been issued from the War Department to the General Recruiting Service, under charge of Col. R. S. Granger, Twenty-first Infantry, New York Barracks, Kentucky, in which the following is contained: "The commanding officer of the depot at Newport Barracks and officers in charge of the several rendezvous of that department, will make their respective arrangements to receive the recruits of the General Recruiting Service at New York city. C. J. Granger will transfer the recruiting funds, property, records, etc., to the depot at Newport Barracks, Kentucky, as General Recruiting Service at New York, and proceed by October 15th, 1871, to join his regiment.

On the 15th of the Pay Department to assist upon the Treasurer's office the responsibility of the Hodge defalcation is regarded by the Treasury officials as settled. The most complete refutation of the allegations of the Pay Department is furnished by the fact that for some time a gentleman connected with the Treasury Department was so engaged in investigating the Hodge accounts, has been in the habit of calling upon the Treasurer's office for the balance reported and has in several instances, at his request, been furnished with statements of the balance on hand by the Treasury Department. The fact that the Treasury claim with the Hodge of General Justice, that their function in the matter of disbursing officers' funds are confined to the safe keeping of money collected and to the payment of such notes and proper checks, and that they are in no wise responsible for misappropriations of funds which have been withdrawn from the Treasury Department, is a sufficient refutation to account to them, and are not in the slightest degree under their control. The Secretary of War today notified the Treasury officials that it is the policy of the War Department to proceed against the New York bankers engaged with Hodge in his late transactions in Wall street, that the Pay Department has no objection to the prosecution concerning the relations between the bankers and paymaster, which is at their disposal.

### The Exposition.

CINCINNATI, Sept. 16.

The attendance at the industrial exposition to-day and night has been 22,000. It has been definitely settled that the exhibition will terminate the exposition on Tuesday evening.

### President Grant.

A civic reception, including a parade of the fire department, is to be accorded President Grant next Tuesday.

### Sen. for Morton's Speech.

Senator Morton delivered an address at a Republican mass meeting to-night, in which he referred to Groesbeck's late speech in the Senate, and in which he expressed for Mr. Groesbeck, but wanted to say he never could be appreciated in the Democratic party. Groesbeck gave a constitution to the people, and the Constitution destroys them. He says the fourteenth and fifteenth amendments can only be violated by the State by passing laws adding to the rights of suffrage, and the only remedy is by the Supreme Court. These the speaker claimed were unfounded, and asked how could the Supreme Court prevent the state from passing laws to the contrary of the constitution. The new amendments expressly provide for their enforcement by appropriate legislation by Congress. The speaker then referred to the Kansas bill was war, was untrue in every line. So far from this bill contemplating no cost, it was a judicious proceeding from first to last. The speaker then referred to the Kansas bill was war, was untrue in every line. ### Goldsmith Maid.

MINNEAPOLIS, Minn., Sept. 16.

The great fair held in this city during the week closed to-day, having proved an immense success in every respect. One of the great features to-day was the race between Goldsmith Maid and Lucy, which took place at 2 o'clock p. m., and ended in a victory for the mare Lucy, as follows: 2:23 1/2, 2:17 1/2, 2:21. On the second heat the mare Lucy came in only a neck behind her opponent, and on the third heat she was before her by more than half a length. All horsemen agree that the time made by these horses to-day was remarkable in view of the heat, and to attest the fact that the mare Lucy is a true winner. ### St. Louis.

ST. LOUIS, Sept. 16.

There was a rather meagre attendance at the meeting held to-night, in Mercantile Library Hall, to consider the question of removal of the national capital. Many interesting speeches were made by United States Senator Henderson, Captain James B. do, and others. Letters were also read from the President, and the speech of Captain Silas B. The speeches were interesting and embodied many facts showing why the capital should be removed to Minneapolis.

About three hundred Knight Templars and Arch Masons from thirty and towns in Missouri, Illinois and Kansas, accompanied by about one hundred ladies, left St. Louis to-day, to attend the national convention to be held there next week. They left by the St. Louis, Vincennes and Terre Haute road on special trains.

### Dr. d.

LONDON, Sept. 16.

A ship from the office of the Paris Convention announces the death of Joseph Shawben, the oldest turlman in Kentucky, who was manager in his 93rd year of his estate of 400 acres of land. Dr. Shawben was at the Lexington races to-day looking after his entry, and on going home, Tuesday night, was thrown from his horse, and after suffering for several days died, being aged 90 years and 10 months.

Uncle Joe was a soldier in the war of 1812 and repeatedly represented Harrison in the Kentucky Legislature. He was a member of the Confederate army, who was killed in the Confederate army. Mr. Shawben and his father emigrated from Western Pennsylvania during the war of 1812, and settled in the town of Lexington, where he assumed the name of Bourbon country.

### Three Negroes Executed.

NEW ORLEANS, Sept. 17.

John Williams, John Williams, and Noel, alias Madison Hampton, all colored, were hung to-day in St. James parish, for the murder of Frank Montmire, May 10th, 1871. The execution was witnessed by a large number of people, and the executioner was commended. The sheriff, executioners, jailors and guards were all colored.
